

Entertaining Crowds

Written by Eon de Bruin

Verse 1

Curtains rose, and the lights go on
Getting ready, ready to sing my song
I hear the crowd cheering as I sing
Bringing glory to my King

Pre-Chorus

Cause every time I sing to You
Every time I dance for You
Everything I do for You
Cause this is how I feel

Chorus

Entertaining crowds is not the way I want it to be
A life that pleases You is what I'm striving to be
Entertaining crowds is the last thing on my mind
Entertaining crowds

Verse 2

Perform on stage; I'm giving it all I got
The goal is clear, not pretending for what I am not
Cause this is me loving everything I do
Giving glory only to You

Bridge

You might even think I do it for the fame
You might even think that it's all a game
I won't back down, doing what I love
I'm doing it all for the Man up above
This is my life, I live it for You
Every word I sing from my heart it's true
All of these gifts, You gave it to me
Using it on stage for the world to see
